### **MNSAA Accreditation Update**

A team of administrators and teachers from various schools throughout Minnesota will be visiting Saints Peter & Paul School on April 20th and 21st to validate our Accreditation Self Study. This last year we have been preparing for these specific days. The staff completed the Self Study and the School Strategic Plan (SSP). The School Strategic Plan includes our major objectives, the strategies necessary to meet the objectives, and the specific action steps to guarantee the completion of the objectives. You may recall receiving the annual summary of the actions taken in our School Strategic Plan which is provided in the Annual State of the School Report emailed to you every fall.

The School Board has reviewed and approved the new  
School Strategic Plan for the next 7 years.

We will be sharing the School Strategic Plan and Self-Study Report with you once it's all approved by MNSAA and the accreditation team.

If you have any questions, please let Heather know.
